"LOCAL GEM AT EXIT 315"

OUR STORY

Peggy Weaver has always held onto the memories of working at a small diner in the Northeast with her mother when she was a little girl.

After putting herself through college, she went on to build a strong career in the medical field, found her a trophy husband, and raised three kids here on a ranch in the beautiful town of Bruceville-Eddy.

As the years passed and Texas continued to grow, the expansion of I-35 led to the loss of many local businesses. Nearby jobs became harder to find for teens, and there was no longer a place where the community could eat, gather, or celebrate the rich history of the town.

Peggy decided to change that. Inspired by her roots in the diner world, she set out to find the perfect location to bring people back together. That place was downtown.

With assistance from her family, friends, and the incredible community, the Weaver family spent all of 2017 transforming that dream into reality.

The result of this work is Eagles' Landing, a place that serves great food and also creates jobs, supports local charities, and reminds everyone what can be achieved with hard work, heart, and a love for the town we call home.

Thank you, for joining our family.
